

Department of Chemistry
Fall 2015

September 4, 2015	No Seminar (Chemistry Department Meeting)
September 11, 2015	James Ohaeri, Wright State University, Graduate Student, " The chemistry of carboxylated cyclopentadienones " Dan Greene, Wright State University, Graduate Student, Title- "TBA"
September 18, 2015	Dr. William F. Carroll – ACS Director-at-Large " Where Everything Comes From: Industrial Chemistry 101 " (Joint seminar with the Dayton Section ACS) Note: This presentation will be held in the Gandhi Auditorium in White Hall
September 25, 2015	Karunaker Madaram, Wright State University, Graduate Student, " Sydnones - A Brief Review "
October 2, 2015	Kara Geremia, Wright State University, Graduate Student, " The Diversity of Purine and Purine Related Compounds. "
October 9, 2015	Dr. Cheryl L. Moy, Department of Chemistry, University of North Carolina Title - "TBA"
October 16, 2015	Dr. Travis B. Clark, Department of Chemistry, Wright State University " Perspectives from a WSU Alumnus on Surviving (& Succeeding!) in Chemistry Doctoral Programs "
October 23, 2015	Dr. Haifeng Gao, Department of Chemistry & Biochemistry, University of Notre Dame Title - "TBA"
October 30, 2015	Dr. Kevin Noonan, Department of Chemistry, Carnegie-Mellon University " Inorganic Polymers for Energy Conversion "
November 6, 2015	Dr. Dominik Konkolewicz, Department of Chemistry & Biochemistry, Miami University Title - "TBA"
November 13, 2015	Dr. William Romine, Department of Biological Sciences, Wright State University Title - "TBA"

November 20, 2015	Dr. Suzanne Lunsford, Department of Chemistry, Wright State University "How to Engage a Collaborative Interaction Among Different Universities"
December 4, 2015	Joel Schmitz, Wright State University, Graduate Student, "Alkali and Rare Gas Atomic Laser Systems and Their Applications" Rachel Wessner, Wright State University, Graduate Student, "The Role of Pyrimidine Nucleobases"
December 11, 2015	UES Inc., Beavercreek OH Title "TBA"

Seminars are held on Friday afternoons at 3:30 PM in 165 Brehm Laboratory.
For more information, contact Dr. Travis Clark at (937) 775-3751 or 775-2855 (department office).
Come a few minutes early for light refreshments and informal conversation.
