Spring 2019 Seminar Schedule

February 22, 2019  
Dr. Casey Wade, Department of Chemistry & Biochemistry,  
The Ohio State University  
“Designing MOFs for Trace CO$_2$ Capture”

March 1, 2019  
Mia Williams, Wright State University  
Department of Chemistry, M.S. Graduate Student  
“From Therapeutic Use of Fentanyl to Global Epidemic of IMFs”

March 8, 2019  
Spring Break

March 15, 2019  
Dr. Wei Liu, Department of Chemistry & Biochemistry,  
Miami University, Oxford, Ohio  
"Copper Promoted Csp3 Fluoroalkylation Reactions"

March 22, 2019  
Dr. Justin Buffinger, Department of Chemistry, Canceled  
University of Dayton  
“TBA”

March 29, 2019  
Dr. Paul Seybold (Emeritus), Department of Chemistry,  
Wright State University,  
"Lifetime Achievement Seminar"

April 5, 2019  
Dr. Jon Brantley, Department of Chemistry,  
University of Tennessee, Knoxville, Tennessee  
"New Directions for Functional Materials"

April 12, 2019  
Dr. Jessica White, Department of Chemistry & Biochemistry,  
Ohio University, Athens, Ohio  
"Photoactivated Ru(II), Mn(I) Bimetallic Complexes for CO Release and  
Singlet Oxygen Production"

April 19, 2019  
Zahida Humayun, Wright State University  
Department of Chemistry, M.S. Graduate Student  
“Organic Light Emitting Diodes, An emerging technology, A brief overview”  
Sohan Ahmed, Wright State University,  
Department of Chemistry, M.S. Graduate Student  
“Cooperative assembly of magneto-nanovesicles for MRI guided drug  
delivery”

April 26, 2019  
Dr. Kuppuswamy Arumugam, Department of Chemistry,  
Wright State University,  
"Redox Active Ligands: Implications and Applications in Medicine and  
Materials Science"

Seminars are presented on Fridays at 3:30 p.m. in 165 Brehm Laboratory. If you are interested in presenting, please call the Chemistry Office at (937) 775-2855, email the Chemistry Department, or contact Dr. Kuppuswamy Arumugam. Come early to chat with the speaker or other attendees. Refreshments will be served.
