

CoSM Festival of Research Presentations

The College of Science and Mathematics invites its constituents and participants in its programs to present their research and ideas to the community on September 20th, 2019. Different opportunities are available. Please use this webpage to save a space on our agenda to present. The deadline to register is Friday September 6th.

Podium Talks

Listed below are four categories of talks that may be given during the Festival. Every effort will be made to accommodate every presentation. Individuals may present only one presentation during a minisymposia session. Individuals however may also give a blitz, pub science or improv presentation.

POSTER PRESENTATION GUIDELINES

- All Posters must remain posted for the duration of the assigned poster session.
- All presenters are encouraged to put the posters up Thursday afternoon 3-5 pm and leave them up until the end of the day.
- The presenting author(s) must be beside their poster during the assigned time.
- The poster board surface is ≈1.1 m (3'8") tall by ≈1.8m (6') wide.

SUGGESTIONS

- Create a label for the top of the poster indicating title and authors. Lettering should be no less than 2.5 cm (1") high.
- Text and illustrations should be comfortable read from a distance of 1.5 m (4-5').
- A typical poster layout may resemble what is depicted below. There are many satisfactory alternatives.

The organizers are not responsible for any posters that are not removed at the designated time. Posters left in the Learning Center after that time may be discarded.
